OBJECTIVE

Enthusiastic and detail-oriented Backend Developer with a passion for creating efficient, scalable, and maintainable backend. I am excited to learn, grow, and make meaningful contributions while expanding my knowledge in the backend development.

EDUCATION

- **BTECH CSE** · 2021-2025
  Oriental College Of Technology, Bhopal, M.P

- **12th (2021) & 10th (2019)**
  Kendriya Vidyalaya Khandwa

KEY SKILLS

- HTML
- CSS
- JAVASCRIPT
- NODEJS
- MONGODB
- JAVA (BASICS)
- REACT JS

INTERESTS

- Web development

PROJECTS

- COLORS COMBINATIONS

A responsive website awarded by awards.com with stunning animation effects using java script libraries GSAP and Scroll Trigger.

- REAL-TIME CHAT APP

A chatting app just like WhatsApp with attractive UI and some cloned functionalities of WhatsApp. I have used Socket IO, MongoDB (for database), and passport JS for authentication.

- E-LEARNING APP
